Dear Professor Spence and Professor Borden,

Hope this email finds you both well! I am a violinist in Professor Doty's Studio so you don't know me very well or at all. However, I wanted to personally send my appreciation and respect towards you both. Two of my closest friends are incredible trumpet players and it warms my heart seeing how happy they get when they talk about having studio with you both. They truly light up when they talk about you and seem to enjoy every minute of your lectures. I felt obligated to inform you that you have such a positive impact on them when they're going through rough times.

Warmly,
Paolina Iori
