Dear Dr. Borden,

On behalf of the 2022 Program Committee, I am writing to enthusiastically thank you for your participation in the Sixty-Fifth National Conference of The College Music Society in Long Beach, California (September 21–24), and for presenting your research paper, “Lived Experiences: Music Educators’ Stress during the COVID-19 Pandemic.”

The Committee received an exceptionally strong response to the call for participation and we were only able to accept 49% of the proposal submissions. Congratulations again on being included in such a dynamic program. We are grateful for your contribution as it added to the success of the overall conference program.

Your participation supports the mission of The College Music Society, and it recognizes your significant dedication to professional development in the field by your colleagues, institution, and community.

I hope that your experience in Long Beach was valuable. We welcome you to submit proposals for future conferences and to continue your engagement with CMS.

Sincerely,

Eric Hung
Chair, Program Committee
Sixty-Fifth National Conference
